Re: Communist Party,
United States of America -

Internal Security - C

A confidential source reported on January 3, 1961, that James F. Jackson, member of the Communist Party, United States of America (CPUSA) National Committee, was one of several CPUSA delegates to the November, 1960 meeting of Communist Parties and "workers' Parties in Moscow, Russia. At this meeting Jackson delivered a speech, which is summarized as follows:

The CPUSA views this meeting as one of the utmost importance, and considers it will do much to preserve peace in the world. The CPUSA delegation has reviewed the draft declaration prepared by the drafting committee and endorses the main line and substance of this document. The basic propositions of the draft declaration coincide with the views of CPUSA leaders. The CPUSA expresses its appreciation to Nikita Khrushchev, who has demonstrated in practice the value of the line of this document. Nikita Khrushchev's visit to the United States made a profound impression upon the American people to whom he presented the necessity for peace, disarmament and for an end to colonialism. In increasing numbers, Americans have come to understand the need for peace. As a result of Khrushchev's visit to the United States, Communism, to an increasing number of Americans, no longer has the sinister connotation that it has had in the past.

The gathering of the heads of Socialist member states at the United Nations and the speeches of Khrushchev for disarmament had a major effect on the recent United States elections. The effect was that the issues of peace, disarmament, and coexistence were injected into the United States election campaign.

The struggle against the reactionary foreign policies of United States imperialism has never been more important than it is today. Anti-monopoly forces must compel a redirection of foreign policy from a cold war position to a peaceful coexistence policy on the part of the United States Government, and must institute a program for radical disarmament.

There must be a universal realization of the tragedy that would result from a world-wide nuclear war. A social order erected on the wreckage left from a world-wide thermonuclear war would not be even a grotesque representation of the Communism that mankind needs. There should not be included in the Declaration anything that would comfort those who minimize the all-out struggle to prevent the unleashing of a thermonuclear war in the name of confidence of victory for the Communist side.

With regard to the attack of the Central Committee of the Communist Party of China upon the thesis of the peaceful transition to socialism, there should be kept in mind the simple truth that the purity of a revolution is not reckoned in the volume of blood that is shed, but in the degree that the oppressed class displaces the ruling class in power.

The CPUSA also has used the image of the tiger with reference to United States imperialism. Whereas the Chinese refer to United States imperialism as "a paper tiger," the CPUSA refers to it as "a deadly and dangerous beast of prey."

The enemies of Communism currently are using for propaganda purposes quotations from Chinese publications expressing the Chinese viewpoint on coexistence and the inevitability of war. These Chinese opinions are embarrassing to other Communist Parties, and are being used to prejudice public opinion. They are being used to revive a phase of factionalism and dissunity in the CPUSA.

It is hoped that this meeting will result in firm agreements to end once and for all the negative phenomena which threatens the unity of the powerful world Communist movement. The Chinese CP should come back to the main road on those basic questions that threaten alienation. The mistaken views of the Central Committee of the Communist Party of China have their objective source in the one-sided experience of the Chinese revolution, which developed through a 22 year civil war.

The CPUSA delegation expresses its full support to the main line and basic substance of the Draft Declaration of the Communist and workers' Parties.

The CPUSA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Re: Communist Party,

Confidential Source A reported on January 17, 1961, that according to officials of the Central Committee of the Communist Party of the Soviet Union (CCCPsu) it had been a mistake for "World Marxist Review" to publish an article condemning William Schneiderman, former Chairman of the Northern California District of the Communist Party of the United States of America (CPUSA), as a revisionist.

CCCPsu officials stated that, although no apology could be made to Schneiderman, they suggested that Schneiderman visit the Soviet Union. During his visit, the Soviets would publish a statement to the effect that Schneiderman, a member of the CPUSA National Committee, was visiting the Soviet Union. Such a statement, in the opinion of the CCCPSU officials, should re-establish Schneiderman as a CPUSA functionary in good standing.

Confidential Source B advised on January 18, 1960, that "World Marxist Review" is the theoretical organ of the international Communist movement, prepared and edited in Prague, Czechoslovakia, and printed in several languages in various cities throughout the world.

The CPUSA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Enclosed herewith are eight copies of a letterhead memorandum reflecting that, according to officials of the CCCPSU, it had been a mistake for "World Marxist Review" to publish an article condemning WILLIAM SCHNEIDERMAN, former Chairman of the Northern California CP District, as a revisionist. CCCPSU officials advised that although no apology could be made to SCHNEIDERMAN, they suggested that SCHNEIDERMAN visit the Soviet Union. Confidential Source A utilized is NY 694-S, who furnished the above information on 1/17/61 to SA ALEXANDER C. BURLINSON, stating that GUS HALL, CPUSA General Secretary, had furnished the said information to him on 1/16/61.

According to NY 694-S, HALL further reported that he had received this information from ALBERT "MICKIE" LIMA, Chairman of the Northern California CP, who had discussed SCHNEIDERMAN with CCCPSU officials in Moscow while LIMA was there as a CPUSA delegate to the November, 1960 meeting of Communist and Workers Parties in Moscow.

CPUSA-NEGRO QUESTION
IS-C
(OO:NY)

ReNYlet to Bureau, captioned as above, and dated 12/21/60, referring to the proposed Negro quarterly magazine.

On 1/17/61, NY 694-S advised SA ALEXANDER C. BURLINSON that on 1/16/61, QUS HALL, General Secretary of the CPUSA, told him the following:

The CPUSA does not know what to do about the proposed Negro quarterly magazine. SHIRLEY DU BOIS is not qualified to be the editor of such a publication, and the Party does not agree with the format for the magazine proposed by JAMES JACKSON, who desires that the magazine be "a Negro fact book" devoted to labor, research, and politics.

The Party does not have people qualified to publish a magazine such as JACKSON has proposed. The Party had allocated \$2,000.00 for the establishment of the proposed Negro quarterly, HALL having given that amount to ESTHER JACKSON, wife of JAMES JACKSON, for the aforesaid purpose. From this money, however, ESTHER JACKSON paid the transportation charges of SHIRLEY DU BOIS' trip to and from Cairo. Also, during the period when JAMES JACKSON was abroad recently, ESTHER JACKSON used some of this money for her household expenses.

[redacted] reported on 1/13/61, ESTHER JACKSON spoke to [redacted] and said that when JACK (JAMES E. JACKSON) got to the office the previous day, "the fellow" (LEN HARRIS) did not call him. She said JACKSON might try to reach "him" (HARRIS) that day.

b6
b7C
b7D

[redacted] requested that JACKSON be told to keep his date open and if JACKSON does not, to call "him" (HARRIS) the next day to keep the date open. He added that "we" [redacted] and HARRIS ?) will go if "he" (JACKSON) does not go.

[redacted] reported on 1/13/61, an unidentified male (probably LEN HARRIS) contacted JAMES E. JACKSON.

JACKSON said he could delay "this" until 11 or 12 o'clock but no longer because "they" came from quite a distance and he did not know when he could meet them.

HARRIS asked if there is real interest in this or if it is some sort of a long shot deal. He said he could look at "it" and give an opinion which would be partly "the value of the place and partly whether it is attractive in any sense or a place where you and I would want to go and spend a week or so restfully."

JACKSON said "that would be the thing, (pause) because he has a sentimental concern with the country as such but also this general concern as people approach retirement age. But (pause) he is a difficult man to say no to, but if there is some real estate good deal involved on a pure business basis it would be, seems to me, the soundest grounds for an evaluation of whether it's just a notion in his head."

HARRIS replied that "assuming that it was a sensible buy, there is no chance that we are going to get something where we could make money. It's not located where you could have a business but I think values are rising that close to a city. And so, I think, the risk of putting in something and not being able to get it back when we're done with it, is very small. In fact, we'd probably gain on it. That part I feel very about. My interests lay in Gus's (GALL) mentioning to me that there is a desire for a place where people wanting a little rest, that we're concerned with,

NY 100-80641

"can spend time and be completely relaxed. And, there won't be local pressures, won't be criticisms that the wrong base is there or something. This sounded like one of the more favorable areas for this purpose."

JACKSON agreed and suggested HARRIS look at "it" both from that angle and from a hard-nosed businessman's angle.

HARRIS agreed and said he would go see "it". He said he would give "you guys" an accurate description of the place, adding he would take a camera with him and get some pictures and find out all he could.

HARRIS said he knows how to keep his appointment with "him" [redacted] and asked that JACKSON advise "him" that he would show up at the promised time with his car and they would go "down" together and look "it" over.

b6
b7c

Apparently speaking of the owner or a real estate broker, JACKSON asked if HARRIS had "his" number.

HARRIS replied he only had "the Jersey number. It's Union 5-3963." He said that this is not the place where "he" lives, but he visits there and is known there and "that's where he's going to be that morning."

In connection with the above, NY 694-5* advised SA ALEXANDER C. BURLINSON, on 1/19/61, that in a recent conversation with GUS HALL, HALL mentioned, in passing, that he would like to have some place where the "top brass" of the Party could go and relax for a day or so or even take their vacations there.

On 1/31/61, NY 694-S* advised SA [redacted] that on 1/30/61, GUS HALL, General Secretary of the Communist Party, U.S.A. (CPUSA), advised him that he is to leave on 2/2/61, for a trip to the West coast of the United States. During this trip he will be at Portland, Oregon; Seattle, Washington, and San Francisco, California, dates not indicated to the informant.

According to HALL, this is a most serious trip since [redacted] of the CP at Portland, Oregon, is suspected of something quite serious and with the indication of something going wrong HALL is personally looking into this matter. Further, in Seattle, there is still a matter remaining of the misappropriation of funds amounting to \$5,200.00. HALL is to see [redacted] in that city.

b6
b7c

HALL continued that his visit in San Francisco will be twofold. First, a seminar or conference, will be held in which all the leading people of the West coast from Washington to Southern California will be called upon to participate. The conference will be based on the recent National Committee Plenum held in NY and the agenda will be the talks, discussions and decisions of the Plenum. Subsequent to this, personal problems will be taken up. HALL stated the second purpose of his trip insofar as San Francisco is concerned, would be a meeting with HARRY BRIDGES.

HALL will proceed from San Francisco to Chicago, where he will meet with MORRIS CHILDS. HALL is due back in NY on 2/20/61, or one day prior, for the next full National Executive Committee meeting of the CP which is to be held in NY on 2/20/61.

of Undersecretary of Labor is a tailor-made spot for him".
He recommended him very highly.

Re: Tim Buck
Internal Security - Canada

A confidential source reported on January 25, 1961, that upon the conclusion of the November conference in Moscow of Communist Parties and Workers' Parties, Tim Buck, head of the Canadian Communist Party, went from Moscow to Peiping, accompanied by his paramour, Elizabeth Mascolo, to confer with leaders of the Chinese Communist Party and to take a short vacation.

Shortly after arriving in Peiping, where he was met at the airport by leading officials of the Central Committee of the Communist Party of China, Buck became ill and was hospitalized for a period of about a week. Owing to his illness and to the fact that his time was limited because he had to return to Canada for an important Communist Party meeting, he conferred in Peiping with only a few top officials of the Communist Party of China. One such official with whom he conferred was Liu Shao Chi, President of China and Vice-Chairman of the Communist Party of China. Another was a top functionary of the Communist Party of China, "in charge of finances."

Further with regard to China, the above-named source

Re: Tim Buck

reported that the food shortage in China has been more serious than reported. Whereas 80 per cent of the shortage was due to natural causes, such as drought and flood, 20 per cent was due to human factors, such as incompetence of Party organizers, unskilled workers, and in some instances, saboteurs. There was among Party organizers a certain amount of unconcern about filling quotas.

As a result of "top-level decisions," since July, 1960, Party members in large cities "voluntarily" accepted three ounces less of rice per day than they had been receiving previously. The amount of rice thus saved was sent to areas where there were serious food shortages. It was estimated that the average Chinese-party member or otherwise- was receiving from one to two and a half ounces less of rice per day. The confidential source stated that to the source's knowledge, this food shortage continued to exist through November, 1960. Whether it continued to exist after November, 1960, the source did not know.

SUBJECT: TIM BUCK

Enclosed herewith are eight copies of a letterhead memorandum reflecting that after attending the November meeting in Moscow of Communist Parties and Workers Parties, TIM BUCK, Canadian CP leader, went to China for conferences with Chinese CP leaders, and for a short vacation. With him in China was his paramour, ELIZABETH MASCOLO. While in Peiping, BUCK became ill and spent a week in a hospital, as a result of which he was unable to contact as many Chinese CP functionaries as he planned. He had only a few conferences with top functionaries of the CP of China. As the result of a food shortage in China, individual Chinese have been receiving a smaller daily allotment of rice.

NY 694-S, the confidential source utilized, furnished this information, and other information related thereto but not included in the letterhead memorandum, to SA ALEXANDER C. BURLINSON on 1/25/61.

According to NY 694-S, he conferred on 1/24/61, in NYC, with ELIZABETH MASCOLO, TIM BUCK's paramour, who told him the following:

She had come to NY on 1/21/61, to visit her sisters, and to deliver to the CPUSA, through the informant, the sum of \$1500. This money was given to TIM BUCK while the latter was recently in Peiping, China, by FRANK COE, a member of the CPUSA presently residing in China. COE stated that it represented dues owed to the CPUSA by "the American group in China," people residing in China who consider themselves members of the CPUSA. These people formerly were members of the CPUSA when they lived in the USA. NY 694-S accepted this money for transmittal to the CPUSA.

(The said \$1500 is in \$1, \$5, and \$10 bills. These bills will be checked by the NYO against lists of currency issued to Soviet establishments in NYC and in Washington, D.C., and in the event of any identification thereof, the Bureau will be advised).

MASCOLO had gone to Moscow with BUCK, planning to leave him there and to go immediately to Peiping, China, for a visit with [redacted] and the latter's family. In Moscow, however, she learned that [redacted] had left Peiping to go to Prague, via Moscow, to have his passport renewed. When [redacted] arrived in Moscow en route to Prague, TIM BUCK and Soviet officials checked [redacted] passport. They were shocked to find that, when [redacted] en route to China from the USA, was in London, the Soviet Consulate there, instead of giving him a "floating visa," had stamped on his passport a permanent visa for travel to Irkutsk, Siberia, which is on the Siberian-Mongolian border. Irkutsk is the last Soviet airline stop in that area.

b6
b7C

Since it was felt that it would be obvious to American authorities in Prague, to whom [redacted] passport would be presented for renewal, that he had been in China, it was decided that [redacted] had no alternative but to let his passport expire. [redacted] remained in Moscow for a few days, visiting with MASCOLO and BUCK, and then returned to Peiping.

b6
b7C

When the Moscow Conference ended, MASCOLO and BUCK went by plane to Peiping, where they were met by members of the Central Committee of the Chinese CP, who "rolled out the red carpet." At the airport photographs were taken of BUCK

NY 100-15140

and MASCOLO, and the Peiping papers reported that "the distinguished Canadian CP leader TIM BUCK and his wife" were visiting Peiping. Since MASCOLO is not BUCK's wife [redacted] [redacted] and his children reside in Toronto - BUCK realized that should the photographs of him and MASCOLO in Peiping, and the newspaper stories about them, be seen in Canada, there very likely would be repercussions in the Canadian CP.

b6
b7C

BUCK succeeded in suppressing the photographs, but could do nothing about the newspaper stories, which already had been published. As BUCK feared, the Peiping newspaper stories about "BUCK and his wife" reached the Canadian CP, which is furious about the matter. Canadian CP functionaries LESLIE MORRIS and BILL KASHTAN are particularly angry.

Shortly after arriving in Peiping, BUCK suffered from a sore throat accompanied by a high fever. He was hospitalized for about a week, and as a result had only a few meetings with top-level Chinese CP functionaries. His time was limited because he was scheduled to return to Toronto for an important CP meeting, and he had to cut short his visit to China. While in Peiping, BUCK conferred with LIU SHAO-CHI, president of China and vice-chairman of the CP of China, and also with the Chinese CP functionary in charge of Chinese CP finances.

b6
b7C

MASCOLO [redacted] is employed in the research department of the "hydro-electric division" in Peiping. He would prefer to do "practical work," and cannot understand why the Chinese insist upon his engaging in research work. He has been told that it would be too hazardous for him to work outside. He lives in an air-conditioned home, has servants and nurses for his children, and he and his family have their meals in a restaurant to which only top-level Party functionaries are admitted.

[redacted] is studying Chinese at a university, and eventually will be employed as a research

chemical engineer. The children already talk Chinese and have acquired many Chinese mannerisms. Although [redacted] is an American, he is a member of a political division known as "the Canadian group."

Since July of 1960, the "World Marxist Review" has not been available in Peiping, and as a result [redacted] had been completely unaware of the preliminary meetings and conferences leading to the November Conference in Moscow of Communist Parties and Workers Parties. It was not until he was given a copy of the Canadian edition of the "World Marxist Review," containing an article by TIM BUCK on the Soviet-Chinese dispute, that he realized the true state of Soviet-Chinese relations.

b6
b7C

BUCK was told by top-level Chinese CP functionaries that the food shortage in China had been more serious than was publicly reported. Whereas 80% of the shortage was due to natural causes such as draught and flood, 20% was due to human factors - incompetence of Party organizers, unskilled workers, and in some instances, saboteurs. There was also among organizers a certain amount of unconcern about filling quotas.

As a result of "top-level decisions," since July, 1960, Party members in large cities "voluntarily" accepted 3 ounces less of rice per day than they had been receiving. The amount of rice thus saved was sent to areas where there were serious food shortages. It was estimated that the average Chinese-Party member or otherwise - was receiving from 1 to $2\frac{1}{2}$ ounces less of rice per day.

NY 694-S advised that pursuant to a request from CG 5824-S, he told MASCOLO to convey the following message to BUCK:

Contact between the CPUSA and the CP of Cuba has been severed, and the CPUSA is desirous of maintaining contact with the Cuban CP through Canadian CP channels.

NY 100-15140

The Soviets should be notified that ERIC BERT, executive editor of "The Worker," will attend a conference of CP journalists from all parts of the world in Leipzig, Germany, during the middle of March. (According to NY 694-S the aforesaid conference will discuss "new methods of imperialism").

NY 694-S advised that he gave to MASCOLO for transmittal to BUCK a birthday greeting (BUCK recently celebrated his 70th birthday) in the form of an album wherein are inscribed the signatures of GUS HALL and members of the CPUSA National Committee.

Information herein not included in the letterhead memorandum was omitted from the said memorandum because dissemination of such information, it is believed, would jeopardize the security of NY 694-S.

This memorandum has been classified "~~Confidential~~" because it contains information from a source the unauthorized disclosure of which would seriously impair the investigation of the CPUSA. Such impairment could have an adverse effect upon the national defense interests of the country.

On 2/3/61, NY 694-S advised SA ALEXANDER C. BURLINSON that pursuant to arrangements previously made between CO 5824-S and VLADIMIR BARKOVSKY, the NY informant met BARKOVSKY at 7 P.M. on 2/3/61, outside the Townhouse Restaurant in Queens, NY. From there they proceeded via subway, NY 694-S following BARKOVSKY, to 75th St. in New Gardens, where they went to Tropic's Restaurant at Queens Blvd., and 75th Road.

On account of blizzard conditions, the meeting of the informant and BARKOVSKY was of short duration. NY 694-S delivered to the Soviet, on microfilm, a number of CP documents pertaining to the recent CP National Committee meeting.

The conversation concerned the necessity of the informant's moving his office from the present location in the Flatiron Building at 23rd St. BARKOVSKY would not approve any of the areas suggested by NY 694-S, and insisted that the new office be located in the lower Broadway area, in the general vicinity of Wall St. and the Battery. BARKOVSKY further insisted that NY 694-S make every effort to move to a new location by 3/1/61. NY 694-S told BARKOVSKY that to do so would be difficult, but that he would do his best.

BARKOVSKY then made arrangements for a further meeting with NY 694-S. He said that, unless weather conditions prevented, NY 694-S, on Sunday, 2/5/61, should drive a Hertz car, which the informant had rented pursuant to BARKOVSKY's instructions, to the intersection of Kissena Blvd. and Jewel

NY 694-S was then to make a right turn into Jewel Road and continue on Jewel Road to 188th St. and Jewel Road. BARKOVSKY estimated that the informant would arrive at this location at 4:20 p.m. From this point NY 694-S was to proceed down 188th St., past Horace Harding Blvd., to 64th Ave., where a shopping center is located. At 64th Ave., the informant was to "go around a semi-circle" and drive into the shopping center parking lot, where BARKOVSKY would approach him, if advisable.

In the event that weather conditions prevented, this meeting was to be postponed until the following Sunday, 2/12/61, and the same arrangements should be followed.

(On 2/4/61, NY 694-S advised that in view of the fact that on 2/3/61, he had to abandon the Hertz car in a snow drift, and further in view of an order from the City Government that passenger cars were banned from the streets, he would make no attempt to meet BARKOVSKY on 2/5/61, but would meet the latter, if possible, on the alternate date of 2/12/61).

In view of the nature of the above information, a letterhead memorandum is not being submitted.

A confidential source reported on February 8, 1961, that the Communist Party of the United States of America (CPUSA) is protesting to Moscow the publication, in the January, 1961 issue of the unofficial Soviet magazine "International Affairs," of an article by William Z. Foster, Chairman Emeritus of the CPUSA, and now in Moscow, criticizing the Kennedy administration as "jingoistic and sabre-rattling."

According to the source, a copy of the magazine "International Affairs," in the Russian language, has just been received at CPUSA Headquarters, and as yet has not been fully translated. A cursory examination of it, however, reflects that the content of the Foster article is as above described.

The source stated that "International Affairs," although an unofficial Soviet organ, nevertheless echoes the sentiments of the Communist Party of the Soviet Union since contributors thereto include high-ranking Soviet officials. Andrei Gromyko, Soviet Foreign Minister, is a member of the board of the said magazine.

The Foster article, according to the source, can embarrass both the Soviet Union and the CPUSA should the USA decide to take issue regarding it with the Soviet Union. The

Re: Communist Party, United

Soviet Union is in the position of being subject to accusations of engaging in "hypocritical double-talk" as regards its current ostensible intention to foster better relations between the Soviet Union and the USA. The question that can be asked of the Soviet Union is whether Foster's article reflects the true attitude of the Soviet Union toward the USA.

The article, according to the source, is further embarrassing to the Soviet Union and to the CPUSA in that Foster was permitted to go to Moscow presumably for reasons of health, and not to engage in political polemics in behalf of the Soviet Union.

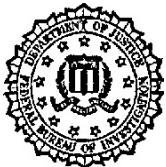

The CPUSA is puzzled about whether or not Gromyko was aware that the Foster article was being published in "International Affairs."

The Soviet Union is being advised by the CPUSA that the Foster article in no way reflects the policy or the official line of the CPUSA. The Soviet Union also is being informed that Foster had not received an authorization from the CPUSA to write such an article, and that the CPUSA had had no advance knowledge that Foster intended to write such an article.

The source further advised that, from a Soviet close to Khrushchev, information had been received that Khrushchev will not come to the USA in March, but will postpone his visit until April, 1961. The reason for the postponement is that Khrushchev anticipates that by April the international policies of the Kennedy administration - particularly that regarding disarmament - will have "jelled," putting him in a better position to formulate his own policies and to deal effectively with the USA. Khrushchev particularly desires that the disarmament issue be debated at the United Nations before he comes to the USA.

The CPUSA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Remytel, 2/8/61.

Enclosed herewith are eight copies of a letterhead memorandum reflecting that the CPUSA is protesting to Moscow the publication in the January, 1961 issue of the unofficial Soviet magazine "International Affairs" of an article by WILLIAM Z. FOSTER criticizing the KENNEDY administration as "jingoistic and sabre-rattling." The memorandum further reflects that NIKITA KHRUSHCHEV, Soviet Premier, will not come to the USA in March, 1961, but will come in April, 1961, at which time he expects to have a better idea of the USA's position on international questions, particularly the question of disarmament.

The confidential source utilized is CG 5824-S, who furnished this information to SA ALEXANDER C. BURLINSON on 2/8/61.

The following information obtained from CG 5824-S for security reasons is not incorporated in the letterhead memorandum:

ReNYairtel to Bureau and Chicago, 2/6/61, captioned, "SOLO; IS-C," reporting a meeting on 2/3/61, between NY 694-S and VLADIMIR BARKOVSKY.

On 2/8/61, NY 694-S was party to a conversation between CG 5824-S and SA ALEXANDER C. BURLINSON when the Chicago informant furnished the information herein. NY 694-S advised that in reporting his contact with BARKOVSKY on 2/3/61, he inadvertently failed to include in his report that pursuant to instructions from GUS HALL, he had requested BARKOVSKY to transmit to Moscow the CPUSA protest regarding the FOSTER article in "International Affairs." BARKOVSKY promised to handle this matter expeditiously.

This information has been classified "Confidential" because it contains information from a source the unauthorized disclosure of which would seriously impair the investigation of the CPUSA. Such impairment could have an adverse effect upon the national defense interests of the country.

ReNYlet, 2/7/61, advising that through a contact of the NYO, new office space can be obtained for NY 694-S, in a building at 50 Broad St., NYC.

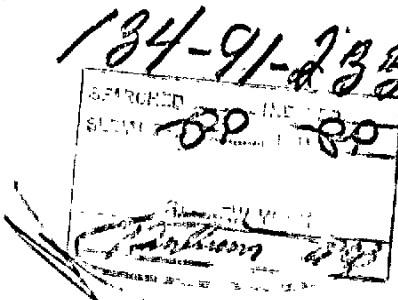

On 2/7/61, NY 694-S advised that on 2/7/61, he inspected a two-room office on the 20th floor of the building at 50 Broad St., and considered it ideal for his purposes. The space, the NYO has been advised by its contact, is worth \$200 per month, but NY 694-S may rent it for \$125 per month. Maintenance of the present cover company office costs \$134 per month, \$102 being for rent and the balance for the maintenance of two telephones, one an unlisted phone without answering service, for contact between the informant and the NYO. The cost of maintenance of the proposed new office, including cost of telephone as described above, would be \$157 per month.

The informant states that although he must secure the approval of VLADIMIR BARKOVSKY of the location of the proposed new office, circumstances are such that he must signify to the company operating the office building - preferably by 2/9/61 - that he will rent the desired space, and be prepared to sign a two year lease therefor. He feels that BARKOVSKY will have no objection to the proposed new location of the informant's office. If by some chance he should, NY 694-S feels that with the assistance of CG 3824-S, BARKOVSKY's objection would be overcome.

The informant also notes that he must give notice to the owners of the building where his office now is located that he intends to move at the end of February.

It is requested that the Bureau authorize NY 694-S to rent the proposed office under the terms above-mentioned, and that the NYO be authorized to re-imburse him for expenses incident to moving to the new address.

Inasmuch as terms of rental require that two months rent be paid in advance, it is further requested that the NYO be authorized to make an advance of \$250 to NY 694-S for the aforesaid purpose.

Romyairtel, 2/8/61, requesting the Bureau to authorize NY 694-S to rent an office at 20 Broad St., NYC, and to sign a lease therefor on 2/9/61.

As will be noted, referenced letter reflects that NY 694-S intended to move into the new office by 3/1/61. On 2/9/61, NY 694-S, CO 5824-S, and the NYO further discussed this proposed move - particularly from the security standpoint. It was agreed that for NY 694-S to be able to move on such short notice to a new location possibly might arouse some suspicion among the Soviets. The solution of the problem, it was agreed, would be that to allay suspicion, and also to insure that the informant obtain the office suite which so ideally suits his purposes, the office be rented now, and the informant move into it on or about 4/1/61, the lease to be effective as of 3/1/61.

DARKOVSKY can be told that NY 694-S is finding it extremely difficult to find a suitable office, but that he feels certain he will do so on or before 4/1/61. DARKOVSKY also can be told that, as an established businessman, NY 694-S cannot relocate his business on such short notice without serious interference with his business operations.

During the course of discussion, NY 694-S noted that the proposed new office site is in the area where the office of [REDACTED] is located, and that it will be ideally suitable as a meeting place for him and the latter.

A Confidential source, who has furnished reliable information in the past, advised on February 15, 1961, of a memorandum dated February 10, 1961, issued by the Organization and Education Departments of the Communist Party, United States of America (CPUSA) entitled: "On the Discussion and Study of the 61-Party Statement and the Preparation and Carrying Out of the Decisions of the January National Committee Meeting."

This memorandum states that the great significance of the 61-Party Statement must be brought to every Party member, friend, sympathizer, militant and progressive. It is said to give a profound analysis of the new developments in world relations, and analyze our Marxist-Leninist theoretical and political propositions important to fighters for peace, democracy and socialism. The Meeting of the National Committee of the CPUSA, on January 20 to 22, 1961, evaluated and welcomed it, and also set a policy of forward development of the Party. It is important that the report of the Hall, the Party's General Secretary be studied and reach wider circles of workers.

This study should be related to the tasks of the Party and local organizations in the fight for peace, unemployment insurance and jobs, Negro rights, and other issues treated in the report. In the course of such action, the press must be built and the Party consolidated.

It is suggested that the 61-Party statement, published in the January, 1961 "Political Affairs" and also in pamphlet form,

and Gus Hall's report, in the February, 1961, "Political Affairs," and to be published as a pamphlet, be circulated outside the Party. Activities to this end are listed, such as forums, public meetings and house meetings with National and local speakers, radio and television programs on the Communist view on various issues, universities and youth bodies approached, and wide distribution of "The Worker" supplement to the issue of March 3, 1961, on the economic crisis.

In educating the Party membership, it is necessary to present correct views of these documents, as well as to refute wrong views in order to combat the influences of revisionism and sectarianism. Seminars are to be held for leadership on such topics as nature of the new epoch, nature of the Kennedy Administration, general crisis of United States capitalism, fight for peace, anti-monopoly coalition, Party and united front struggle, Negro people's struggle and present day tasks, and the fight against revisionism and sectarianism. Week end classes are suggested for club leaders on aspects of specific work on issues and club discussions should be conducted in a systematic manner. The Organization and Education Departments are to send further material on the above activity.

The CPUSA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

The April, 1959 issue of "Political Affairs" is self-described as a monthly magazine presenting the viewpoint of Marxism-Leninism.

The same publication identified itself as "a Theoretical and Political Magazine of Scientific Socialism."

While under direct examination as a defense witness in United States versus Elizabeth Gurley Flynn, and others, Criminal Docket 6136-7, United States District Court for the Southern District of New York, October 20, 1952, Flynn testified that "Political Affairs" is the theoretical organ of the Communist Party of the United States and has been such since the magazine was "set up" in 1945.

"The Worker" is the West Coast Communist weekly publication.

Remyairtel 2/6/61 reporting a meeting between NY 694-S* and VLADIMIR BARKOVSKY.

On 2/12/61, NY 694-S* furnished the following information to SA ALEXANDER C. BURLINSON.

Pursuant to arrangements made with DARKOVSKY on 2/3/61, NY 694-S* on 2/12/61 drove a hired Hertz automobile to the neighborhood of Jewel Avenue and Kissena Blvd., Queens, arriving there at exactly 4 PM. A few moments later, DARKOVSKY, on foot, approached the car and beckoned to the informant to step out of the car to the sidewalk. The informant suggested that since it was cold they talk in the car, but DARKOVSKY shook his head and said, 'No talking in automobiles.'

DARKOVSKY then instructed NY 694-S* to drive slowly to 183rd Street and Horace Harding Blvd., to arrive there at 4:20 PM, and upon arrival to drive into the parking lot of a shopping center located at that place. Exactly at 4:20 PM, DARKOVSKY drove a black 1958 Chevrolet sedan into the parking lot, and after parking the car, beckoned to NY 694-S* to join him. They stood on the sidewalk and DARKOVSKY told the informant the following:

Upon completion of their conversation, NY 604-3* should ride in BARKOVSKY's car for one block for the purpose of taking therefrom a phonograph case, from which the machinery had been removed and which contained \$33,000.00 in \$10 bills. Of this money, \$8,000 was to reimburse the CPUSA for travelling expenses of CPUSA functionaries who had attended the Moscow Conference, and \$7,000 was to be given to the Puerto Rican CP 'for expenses.'

BARKOVSKY then stated that JAMES ALLEN, member of the CPUSA National Committee who had attended the Moscow Conference, had left Moscow on February 10th or 11th to return to the U.S.A.

BARKOVSKY then instructed NY 604-3* to advise the CPUSA that with regard to the new splinter group in New Jersey calling itself the New Jersey Communist Party, the Soviets are not in correspondence with this group, at no time have rendered any assistance to the group, and never promised any assistance to it. Whatever connection the Soviet Embassy in Washington, D.C. may have with this group will be severed.

BARKOVSKY next stated that the 'World Marxist Review' has approved WILLIAM WEINSTONE as CPUSA representative on the aforesaid magazine, and that the said magazine will take care of any personal problem WEINSTONE may have in connection with his accepting this assignment.'

NY 604-3* was told by BARKOVSKY to tell CPUSA Functionary WILLIAM PATTERSON that the CPUSA proposal to send three Negro students to the Friendship of the Peoples University in Moscow was still undecided, and that PATTERSON should conduct further negotiations concerning this matter with the Soviet Embassy in Washington, D.C.

BARKOVSKY then stated that the Soviet Union had approved MIKE GOLD's and the latter's wife's making a trip to Moscow, (MIKE GOLD is a 'WORKER' columnist.)

NY 100-134637

[redacted] DARKOVSKY further remarked that [redacted]

who is in Moscow and until recently had been a 'problem boy',
is now behaving himself and will not be sent home. Should he again
misbehave, however, he will be sent home.

After NY 694-S* gave DARKOVSKY several messages from
CO 5324-S* regarding CP matters, NY 694-S* and DARKOVSKY entered
the latter's car and drove for the distance of a block. NY 694-S*
began to speak, but DARKOVSKY silenced him, indicating there was
to be no talking in the car. The informant had intended at this
point to discuss the matter of informant's moving to a new office.

DARKOVSKY then handed the informant the phonograph
case (an inexpensive brown leather type) and, as he let the
informant out of the car, he said, 'Enjoy the music box.' No
mention was made by DARKOVSKY of a subsequent meeting with
NY 694-S*. DARKOVSKY then drove off.

On 2/13/61, NY 694-S* made available to the NYO
the \$33,000.00, above mentioned. Serial number on these bills
will be checked against lists of currency issued to Soviet
establishments in NYC and Washington, DC, and the Bureau will be
advised of any positive identification of the said bills.

Re: Robert G. Thompson

A Confidential Source, who has furnished reliable information in the past, advised on February 15, 1961, he had determined that Robert G. Thompson had received authority from the parole board to publish his article entitled, "The Struggle For Peaceful Coexistence and For Party Mass Ties" in the publication, "Political Affairs."

The source related that from this decision, both Thompson and Gus Hall, General Secretary, Communist Party, United States of America (CPUSA), infer Thompson has been given the "green light" to renew "active" political work for the CPUSA. This decision, according to Hall, places Thompson in the "good graces" of the Party.

The CPUSA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

The April, 1960 issue of "Political Affairs" identified itself as "A Theoretical and Political Magazine of Scientific Socialism."

While under direct examination as a defense witness in the United States versus Elizabeth Gurley Flynn, and others, Criminal Docket C 135-7, United States District Court for the Southern District of New York, on October 20, 1952, Elizabeth Gurley Flynn testified that "Political Affairs" is the theoretical organ of the Communist Party of the United States and has been so since the magazine was "set up" in 1945.

"The Worker," an East Coast Communist weekly newspaper, in its issue dated January 3, 1960, identified Elizabeth Gurley Flynn as a Vice Chairman of the Communist Party of the United States.

On 2/20/61, NY 694-S advised SA ALEXANDER C. BURLINSON that in a meeting with THOMPSON on 2/17/61, the latter furnished the following information:

The political article mentioned above will be published in the March issue of "Political Affairs." THOMPSON, on 2/11/61, had a confidential meeting with GUS HALL regarding what THOMPSON should do after his article was published, and they agreed upon the following:

THOMPSON will request permission from the government to give lectures on Communism. If he secures such permission, he thereafter will engage in open CP activities. Whatever he does will establish a precedent for GIL GREEN, who will be released from prison on 6/6/61, and for HENRY WINSTON, who will be released in December, 1961. GREEN will be notified in prison that THOMPSON has received permission to publish his article in "Political Affairs." It is important that GREEN be contacted before people like FRED FINE of "the right wing element" have a chance to influence GREEN.

THOMPSON made available to NY 694-S two typewritten pages which he said he had just typed, and requested that after reading them, NY 694-S return them. The informant, pretending that he had to leave THOMPSON to keep an appointment, said he would read the pages and return them to THOMPSON later. THOMPSON did not indicate what use he would make of these pages. The pages, which NY 694-S made available to the NYO were as follows:

One, the caption of which was "Pertinent Section of Reply from US Parole Board," read as follows:

"This matter has been considered by the Board and I am authorized to inform you that while the article does not constitute a violation of mandatory release supervision and may be published, neither the United States Board of Parole nor the Department of Justice approves its text."

The other page contained the following:

"The significance of the ruling of the Parole Authorities and Department of Justice permitting a leading Communist on 'conditional release' from prison to publish an article in 'Political Affairs' consists of the following:

"1) Heretofore Government agencies such as the Parole Authorities and Department of Justice have by administrative decree placed the Party and its organs such as Political Affairs in the category of criminal bodies and activities. This decision concedes the fact that such administrative decrees are not constitutional.

NY 100-27452

"2) Heretofore Communists convicted under the Smith Act have been treated as ordinary criminals and have been subjected to the ordinary provisions applied to ex-convicts in that they have been proscribed from resuming any associations during their probationary periods with the Party and from Party associates. This decision concedes the fact that these procedures used with respect to ordinary criminals cannot be applied to political prisoners.

"3) This decision should be regarded as an opening breach in the system of political prosecutions which have grown up during the past decade. That breach can be widened to the point of achieving full constitutional rights of participation in Party affairs for political prisoners on their release from prison."

In view of the fact that at this time only NY 694-S may have been furnished all the information above, and GUS HALL possibly only part thereof - there being no indication that HALL as yet has seen the typewritten material - the NYO believes that to disseminate the above information at this time would jeopardize the security of NY 694-S. A letterhead memorandum, therefore, is not being submitted. NY 694-S has been alerted to ascertain, if possible, whether this information is being furnished to other CP functionaries. Other NYO sources also are being alerted to do likewise.

On 2/17/61, NY 694-S advised SA ALEXANDER C. COLON, through his own channels, transferred the money to the Puerto Rican CP.

HALL further stated that he would no longer follow this procedure since he does not trust either PHIL BART or JESUS COLON. Two thousand copies of the first edition of the magazine will be printed. The publication of the magazine has been delayed "in order that the Congo situation may be brought up to date."

According to Confidential Source A, the CPUSA to date has spent \$7,000 to establish this new magazine.

Confidential Source B advised in June, 1950, that Shirley Graham (Du Bois) was not known to him personally, but that he had received information that she was a Communist for several years about 1944 and 1945.

Confidential Source B further advised that Shirley Graham (Du Bois) was a concealed Communist and that she had been represented to him as a "standard member of the Communist Party."

NY 694-S* pointed out that in view of his
position, involving responsibility for liaison between
the CP, USA and CP officials in Canada, it is highly
unlikely that any such meeting as the one referred to
above would be arranged without having the matter come to
his attention. NY 694-S* advised that he will remain

plans for a meeting between Communist leaders in this

ReBulet to Legat, Tokyo, October 28, 1960, with
copies to Chicago and enclosure dated October 18, 1960.

ReBulet reflected that an informant of the Office
of Special Investigation advised that a Communist controlled
labor organization in Indonesia had received \$50,000 from the
Communist Party, USA (CP, USA), through the World Federation
of Trade Unions (WFTU).

Per request in reBulet, CG 5824-S*, who has furnished
reliable information in the past, was contacted on February 14,
1961, by SA RICHARD W. HANSEN. The source advised on that
date that any allegation that the CP, USA, would, through the
WFTU, furnish \$50,000 to a Communist controlled labor organiza-
tion in Indonesia is "hardly likely" and is "very unreal."
He noted the following reasons in support of his feeling:

1) No such sums of money are available to the CP,
USA, unless taken from CP, USA, reserve funds. Such reserve
funds cannot be secured without either the knowledge of
CG 5824-S* or NY 694-S*. CG 5824-S* has not made available
funds for such a purpose nor does he have knowledge that such
funds were made available by NY 694-S*.

2) The CP, USA, would not give such a sum of money
for the purpose stated since it is not their task to do so.
Similarly, if any funds were to be made available for such
a purpose, these funds could be better applied to areas within
the sphere of influence of the CP, USA in the Western Hemisphere.

3) Since there are no American unions affiliated with the WFTU and there are no CP, USA, people with the WFTU, the utilization of the WFTU would be impractical and illogical for a medium of transmission of such funds.

Based on the above, CG 5824-S* feels strongly that the statement regarding the transmission of the above-described funds by the CP, USA, through the WFTU to a Communist controlled labor organization in Indonesia is incorrect.

Extra copies of this letter are being furnished the Bureau in view of the evident need to disseminate information contained therein to the Legat, Tokyo.

Available characterizations of organizations and individuals mentioned herein will be included in the Appendix to this memorandum.

In December, 1960, New York T-1, who has furnished reliable information in the past, advised that he had learned that discussions concerning a possible merger of the United Electrical, Radio and Machine Workers Union (UE) and the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America (IBT) were taking place, on an informal basis, between the Washington, D.C. representatives of these two unions. Consideration was also being given by UE leaders to inclusion of the International Longshoremen's and Warehousemen's Union (ILWU) in the proposed merger. One UE national officer felt that a merger of independent unions was necessary as a result of the election of John F. Kennedy as President of the United States, and his appointment of Robert F. Kennedy as Attorney General of the United States. However, UE was aware that many problems had to be resolved before any alliance of independent unions could take place. Accordingly, UE was looking forward to formal discussions of this matter in the future.

In January, 1961, New York T-1 advised that Julius Emsspak of UE was planning to meet with Harry Bridges of ILWU during February, 1961, to discuss possible merger.

New York T-2, who has furnished reliable information in the past, advised on February 2, 1961, that Harry Bridges, of the ILWU, was planning to meet in New York, New York, on February 6, 1961, with Julius Emsspak, Secretary-Treasurer of the UE. A representative of the International Union of Mine, Mill and Smelter Workers (IUMMSW) was also supposed to participate in this meeting. The purpose of the meeting was to discuss the possibility of a merger of these unions.

New York T-2 advised on February 5, 1961, that the plans for the above-mentioned meeting had been changed, and that Harry Bridges was going to Washington, D.C., on February 6, 1961. At Washington, Bridges was to meet with [redacted] [redacted] and he was also to confer with the Soviet Ambassador to the United States.

On February 10, 1961, Special Agents of the Federal Bureau of Investigation observed that a meeting was in progress at the Headquarters of UE, 11 East 51st Street, New York City. The meeting lasted throughout the day and apparently ended at about 4:30 p.m. Among those recognized leaving the building, at the conclusion of the meeting, were Harry Bridges; Julius Emspak; Russ Nixon, Legislative Representative of UE; James Matles, Director of Organization of UE; and [redacted]

New York T-5 advised on February 17, 1961, that he had learned that a high Communist Party (CP) national official had commented during February, 1961, on the meeting of representatives of UE, ACA, IUMMSW and ILWU held at UE Headquarters in New York City. This CP official said that the IUMMSW was represented by [redacted]
[redacted] of IUMMSW.

New York T-5 advised that according to the CP official, among the matters discussed at the meeting was the current situation in the IUMMSW. [redacted] reportedly said that the situation in their union forced them to consider some sort of proposal from the "Miners Union" and that they were about ready to accept this proposal. They said that a merger of IUMMSW with the IBT had also been considered, but they did not feel that their membership would allow merger with the Teamsters. [redacted] are not in favor of merging the IUMMSW with the Teamsters Union. The CP official, according to New York T-5, said that "we" do not believe that the picture painted by [redacted] of the current situation in the IUMMSW is a true one and that "we" do not believe that any kind of merger is absolutely necessary at this time.

According to New York T-5, the CP official advised that the Party thinks that if there must be a merger it would be better for IUMMSW to merge with the Teamsters since the latter union is a vital and fighting organization. The CP official said that "we" feel that within the Teamsters, IUMMSW would have more freedom and that the Teamsters leadership would not allow people like [redacted] to sit back and relax.

The following witnesses have testified in court during the Bridges' deportation and denaturalization trials that Bridges was a Communist from 1933 to about 1937:

[redacted] David Saunders. Saunders testified that Bridges was elected to the CP National Committee in 1937.

On July 29, 1955, United States District Judge Louis E. Goodman, San Francisco, California, ruled in favor of Bridges as a result of a Civil Denaturalization Trial. New York T-7, who has furnished reliable information in the past, advised in January, 1958, that he had heard from a CP member of long standing that Julius Emfspak had recently been in contact with a CP member and had talked as though he was not antagonistic toward the CP.

New York T-7 advised on January 10, 1953, that he knows Emfspak to have joined the CP in the early 1940's. Julius Emfspak was elected to membership on the National Committee of the CP at the CP special Emergency Convention in 1945. New York T-7 said that at this convention, Emfspak played a leading role in the move against Earl Browder's leadership. New York T-7 also stated that during the period 1945 to 1947, he knew Emfspak to have attended National Committee meetings of the CP. In addition, during 1946 and 1947, Julius Emfspak was a secret member of the Politbureau of the CP and maintained contact with CP National Headquarters.

A report of the House Committee on Un-American Activities captioned, "Communist Lobbying Activities in the Nation's Capital", released September 3, 1959, reflects on page 8 that [redacted] assumed the post of ILWU representative in Washington in 1953. Russell Arthur (Russ) Nixon

A report of the House Committee on Un-American Activities captioned, "Communist Lobbying Activities in the Nation's Capital", released September 3, 1959, reflects information on pages 4 through 7 to the effect that UE's legislative representative, Russell Arthur (Russ) Nixon, has lobbied for the UE in Washington since 1941 with the exception of a two-year period during World War II. The report states that Russ Nixon has been identified as a member of the Communist Party by three former Communists in sworn public testimony before the House Committee on Un-American Activities (HCUA): By [redacted] on July 14, 1950; by [redacted]

on October 15, 1952, and by [redacted] in 1953.

Re: Communist Party,
United States of America -
Strategy in Industry

A confidential source, who has furnished reliable information in the past, advised on February 17, 1961, that a national leader in the Communist Party, United States of America (CP, USA) had occasion to comment in February, 1961, in an official capacity, on the possibility of a merger of the International Union of Mine, Mill and Smelter Workers (IUMMSW) with another union, and on a recent meeting in New York City of representatives of independent trade unions.

The CP, USA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

The comments of this CP leader are substantially as follows:

During the first half of February, 1961, representatives of the International Longshoremen's and Warehousemen's Union (ILWU), United Electrical, Radio and Machine Workers of America (UE), American Communications Association (ACA) and IUMMSW met in New York City.

Re: Communist Party,

Among the matters discussed was the current situation in IUMMSW. (The CP leader described IUMMSW as "our friends.") At the meeting, IUMMSW was represented by [redacted] presented a pessimistic view of the situation in IUMMSW at present. They said they feel that they must consider a proposal to merge with the United Mine Workers. Merger with the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers has also been under consideration but [redacted] do not believe that their membership desires such a merger. They said that in Canada, the IUMMSW is under the complete domination of Association of Catholic Trade Unionists forces and that these forces would control Canadian units of IUMMSW at any union convention.

b6
b7C

The CP leader said that "we" doubt the evaluation of IUMMSW presented by [redacted] and do not believe that the present situation is serious enough to require any kind of a merger. He said they also wonder whether [redacted] estimate of the status of the IUMMSW in Canada is accurate, or whether they [redacted] might be presenting this picture to belittle [redacted] who, according to the CP leader, would be the best successor to [redacted]. It was noted that [redacted] favor [redacted] to succeed [redacted]

b6
b7C

The CP leader described [redacted] as unwilling to struggle and as preferring the miners' union because that union is relatively inactive and does not engage in any struggles. This Party leader said that if there must be a merger "we" think that merger with the Teamsters would serve the membership better. The Teamsters are a live and fighting organization who would not allow the current IUMMSW leaders to sit back and relax. Furthermore, Mine Mill would have greater independence if

allied with the Teamsters. The CP leader said that this is the concensus of opinion among "our friends" in other independent unions. He noted that thus far all maneuvering has been handled by the top leaders of Mine Mill and expressed the opinion that the current problem is to involve other elements within IUMMSW in solving the problems now facing that union.

"The Directory of National and International Labor Unions in the United States, 1955, Bulletin No. 1185, United States Department of Labor," states on pages 3 and 4 that ACA, ILWU, IUMMSW and UE were among the eleven unions expelled from the Congress of Industrial Organizations during 1949-50 on charges of Communist domination.

Re New York airtel, 2/23/61.

Referenced airtel requested that Chicago advise the Bureau and New York as to the manner in which CG 5824-S* planned to transmit to the Puerto Rico CP, the \$7,000 GUS HALL, General Secretary, CP, USA, reportedly had in his possession for the Puerto Rico CP. It was assumed at that time that GUS HALL would provide this money to the source to be transmitted to its destination.

On 2/27/61, CG 5824-S* advised SAs CARL N. FREYMAN and RICHARD W. HANSEN that during the period of 2/19-25/61 while HALL was in the Midwest area and in constant company of the source, no reference of any kind was made to any funds in the possession of GUS HALL that were to be provided to the source for transfer to the Puerto Rico CP.

It was learned by the source that when HALL left New York City, he carried with him \$10,000 of CP, USA reserve funds. \$5,000 of these funds were deposited with an elderly couple and the remaining \$5,000 was left with [redacted] of HALL's by the name of [redacted]. Details regarding the placing of these reserve funds has been handled by separate communication.

By airtel, 2/13/61, under the caption, "SOLO; IS-C," the Bureau was advised by the NYO that the CPUSA had received from a Soviet source \$7,000 which was to be given to the Puerto Rican CP "for expenses."

According to GUS HALL, CPUSA General Secretary, in whose possession the aforesaid \$7,000 intended for the Puerto Rican CP was last known to be, HALL intended to give the \$7,000 to Chicago CP functionary MORRIS CHILDS for transmittal to the Puerto Rican CP. HALL indicated that in the past the CPUSA would give such money intended for the Puerto Rican CP to PHIL BART, CPUSA Organizational Secretary, who in turn would give it to JESUS COLON. COLON, through channels of his own, would transmit the money to the Puerto Rican CP.

HALL stated, however, that he did not trust BART and COLON, and that he would not entrust the aforesaid \$7,000 to them for transmittal to the Puerto Rican CP.

By airtel 2/23/61, the NYO requested that the Chicago Office, through CG 5824-S, ascertain whether MORRIS CHILDS had received the aforesaid \$7,000 from HALL, and, if so, how CHILDS planned to deliver the said sum of money to the Puerto Rican CP. By airtel 3/1/61, the Chicago Office advised that, according to CG 5824-S, although HALL and CHILDS had been together in the Mid-West during the period 2/19-25/61, HALL at no time mentioned to CHILDS the \$7,000 intended for the Puerto Rican CP.

A report was given to the committee by ISADORE WOFSY concerning 1960 income of above fund, probable 1961 income, and a statement of reserve fund assets as of the beginning of 1961. INTERNAL SECURITY - C

ReBulet, 3/9/61, instructing that every effort be made to trace some of the currency expended by members of the CPUSA directly to the funds obtained by the Party from abroad.

In order that the Bureau may determine the feasibility of attempting to trace currency expended by members of the CP to a foreign source, the NYO is of the opinion that the Bureau should be informed of the procedural steps whereby money from a foreign source is transmitted to the CPUSA, and also of the problems that would arise with respect to tracing to a foreign source money that passes through the hands of CPUSA functionaries.

As the Bureau is aware, with the exception of an isolated instance where \$50,000 was transmitted to the CPUSA by the CP of China, money from abroad came from the Soviet Union and was delivered to either CG 5824-S or NY 694-S by either ELIZABETH MASCOLO or VLADIMIR BARKOVSKY. With the exception of a recent instance where the money was delivered to NY 694-S in a hollowed-out phonograph case, the money has been delivered in paper wrapping. To date MASCOLO and BARKOVSKY have told the informant to whom the money was delivered the amount being transmitted.

With respect to handling this money from the standpoint of making it available to the NYO for processing and returning it expeditiously to the informant, time is of the essence. The informants never know when they may be asked to produce the money. Depending upon security conditions—mindful of the possibility that they may be under surveillance by the Soviets—the informants deliver the money to an Agent of the NYO either on the day they receive it or on the following day.

When the money is delivered to the NYO a number of clerical personnel are assigned to record on 3X5 cards the serial numbers, etc. on the bills. Recently, when \$88,000 was delivered to the NYO in ten dollar bills, 8800 cards had to be prepared.

The CPUSA will not accept from the informants bills in amounts larger than \$20. The informants, who usually receive ^{from} MASCOLO or BARKOVSKY \$50 and \$100 bills, therefore, have the problem of converting these bills into \$20 bills. The NYO handles this transaction for the informants through a bank official who is a contact of the NYO.

After the money is recorded, and, when necessary, after it is converted into bills of another denomination, it is returned to NY 694-S, who places it in a safe deposit box, and upon request makes it available to GUS HALL or whom-ever HALL designates to receive it. NY 694-S is of the opinion that the money given by him to HALL or CP officials is further "laundered" before it is put into circulation.

In view of the "laundering" process, above described, and the fact that it is not known through how many channels the money moves before being put into circulation for payment of CPUSA obligations, the NYO submits that it is questionable whether the chain of evidence can be preserved in tracing this money.

The matter of security is also involved in a money tracing investigation, for merchants, bank tellers, and a number of other individuals must be contacted in order to trace the money in question. It must be assumed that some of these individuals might disclose to the CP the nature of the investigation being conducted by the Bureau. Since only HALL and the two informants are aware of the fact that the Soviets are furnishing money to the CPUSA, the informants might well be suspected of being "the leak."

With regard to the money, NY 694-S launders through the aforementioned bank official, this operation is handled on a purely personal basis with the said official. No record of this transaction is made at the bank. However, should it become necessary, to maintain a chain of evidence, that the bank record the numbers of bills given in exchange for Soviet

NY 100-134637-Sub A

money, this operation would necessarily become known to a number of bank employees. Whether or not the bank officially would be willing to enter into this operation is problematical.

In connection with the tracing of some of the currency expended by members of the CP, USA, there arises a question of the admissibility of the evidence especially from the time of it being given to a CP official by NY 694-S*. An example would be that GUS HALL takes a \$10.00 bill from the sum given him and pays his lunch with this bill. PHIL BART goes into the same restaurant, on the same date, and, in exchange for a \$20.00 bill in payment of his lunch, receives this \$10.00, previously given by HALL. BART then uses the \$10.00 bill as part payment of his rent. Since there would be no witnesses available to testify as to what HALL did with the money, and since the chain of evidence would appear to be broken as shown by the above illustration, the value of the information from a corroborative standpoint would seem to be questionable when considering it in relation to the security of the operation. To attempt to make the information admissible would require utilizing the landlord as a witness. This brings in another individual who will be aware of our interest in specific bills as referred to by serial numbers and denominations. If through inadvertence on the part of this landlord or other individual, the Communist official becomes aware of this specific interest, the security of our operation becomes jeopardized.

Although the Bureau's thoughts in this matter are well appreciated and felt to have considerable merit, in analyzing the nature of this operation and the difficulty in maintaining a chain of evidence, it is believed that it would not be desirable to change the present procedure utilized by the NYO in handling this entire operation. The Bureau is requested to reconsider its instructions in light of the above-stated facts and advise if any change in our operation is desirable.

Extreme caution should be exercised with respect to dissemination of information herein inasmuch as, by its nature, said information tends to identify NY 694-S, a valuable informant, as the source thereof. Unless this information is received from a source other than NY 694-S, it should not be incorporated - even in paraphrased form - in the investigative section of a report.

On 3/15/61, NY 694-S advised SA ALEXANDER C. DURLINSON that he conferred on that date with GUS HALL, General Secretary of the CPUSA, who stated that MARY KAUFMAN had been contacted by "a representative of the Judicial Department of the Ministry of Foreign Trade," who discussed with her the matter of her handling legal work for the Soviets. HALL indicated that he did not know yet the result of KAUFMAN's contact with the Soviet representative.

Since it is not known whether the above is known to others besides GUS HALL and NY 694-S, a letterhead memorandum is not being submitted herewith.

Re: Communist Party, United States

Internal Security - C

A confidential source reported on March 16, 1961, that the Communist Party, United States of America (CPUSA), according to a CPUSA functionary interested in the matter, is forming a corporation that will import foreign political publications - particularly "World Marxist Review" - for sale in the USA. The corporation also will import pictures and prints for sale in the USA.

When the corporation - the name of which was not disclosed to the source - is ready to do business, the CPUSA will request from "Moscow" \$10,000 or \$20,000 in credits for the corporation. Further, the CPUSA will make several thousand dollars available to the corporation. The corporation, which is to be operated for the Party by Phil Frankfeld, with the assistance of two other individuals as yet not selected, will register as a foreign agent.

Phil Frankfeld, according to the source, was formerly District Organizer of the CPUSA Washington, D.C.-Maryland area. In 1952, he was convicted of violation of the Smith Act of 1940, receiving a five year jail sentence, and was released in 1956. He is now a rank and file member of the CPUSA, having been removed from his position as District Organizer of the Washington, D.C.-Maryland CP for personal misconduct.

The confidential source utilized in the letterhead memorandum is NY 694-S, who advised SA ALEXANDER C. According to WOFSY, the CPUSA intends to "abandon" "Imported Publications and Products, Inc.", controlled by MARGARET KRUMBEIN, a company which could serve the same purpose as the corporation now to be formed. The Party will abandon "Imported Publications and Products, Inc." for two reasons: KRUMBEIN has been causing the Party considerable trouble in that she assumes she personally owns the business

"Louie reported on the need of considering the approach and type of such a paper as well as ways of starting it. He indicated that there isn't sufficient response to the decision which was adopted at the national convention to support the organization of such a daily Marxist newspaper.

"Motion: That we proceed and give support to an independent committee to raise a fund specifically for such a daily newspaper and that this fund be completely separated from The Worker.

A subcommittee of Gus, Jim and Louie was appointed to go into this matter further.

"South

"Claude reported briefly on a meeting held over the past weekend in Baltimore of the Negro Commission where this question was discussed, and the need of giving attention to this work, with special emphasis on the following forces: religious, youth, white and labor. He also stressed the need of further strengthening solidarity for the South in the Northern communities and in our Party nationally.

NY 100-80641

1. That a Subcommittee on Southern work be established.
 2. That in our activity in the South we stress the circulation of Marxist printed material.
 3. That we plan a series of tours in the South.
 4. The Trade Union and Youth Commissions to discuss how to help in developing and stimulating work in these fields, especially as relating to the organization of the unorganized.
 5. Next meeting of the Org. Commission to discuss the South, with Jim present.

"Task Force on Reorganization of Work in the Center

"Phil gave an interim report on the work of the committee which has recommended the elimination of the secretariat and establishment of the N.E.C. as the regular functioning authoritative national political body of the Party. After considerable discussion, the following motion was adopted:

"Motion: That the committee meet and finalize its recommendations and proposals at the next meeting of the N.E.C. which is to be held next week.

"Defense

"Arnold reported on the recent decisions of the Supreme Court and the fact that 46 more contempt cases are before the Court. He also dealt with the decisions relative to the Cleveland Taft-Hartley case and with Winston and Green.

NY 100-80641

"He indicated the need of joining with other forces in establishing a defense committee to deal with a number of questions which are now not under consideration by other defense bodies. Such a movement will also seek united support with other defense groups in the country.

"Agenda for N.E.C. Meeting

"The following agenda was finalized:

1. Unemployment. This point to be opened with an introduction by Hy on the economic situation, followed by specific reports by a number of districts throughout the country.

3. Defense.

4. Report on problems relative to Taft-Hartley and Smith Act which is now before the Supreme Court.

Re: Communist Party, United States

A confidential source reported on March 20, 1961, that a top-level functionary of the Communist Party, United States of America (CPUSA) furnished the following information:

From members of the Central Committee of the Communist Party of the Soviet Union (CCCPUS) it has been ascertained that the CPSU and the Communist Party of China (CPC) are currently renegotiating economic agreements made with each other after the Twelve Party Declaration of 1957. Included in such renegotiation is the agreement to send to China, Soviet engineers and technicians. These renegotiations as yet are far from being completed. Renegotiations are based on agreements made at the recent 81 Party Congress in Moscow.

The CPC, according to the above-mentioned members of the CCCPSU, apparently is abiding by agreements made at the 81 Party Congress. The attitude of the CPC is "good." Evidence of the "good" attitude of the CPC is that at the recent Albanian Communist Party Congress, it was the Chinese delegates thereto that criticized and rebuked the Albanian Communist Party for its inimical attitude toward the CPSU. The said Chinese delegates advised the Albanian Communist Party to abandon its "war-like policies" and to "make peace" with the CPSU.

Re: Communist Party, United States of America - International Relations Internal Security - C

The situation in Albania has not been, and still is not, good. Many leading members of the Central Committee of the Albanian Communist Party have been arrested and jailed as agents of the CPSU. These people defended the position of the CPSU with regard to peaceful co-existence.

The American press is drawing distorted inferences from the report from East Germany that the aircraft industry there is being abandoned. The Central Committee of the Communist Party of East Germany anticipated that there would be such distortions in the American press. Although there are serious shortages of manpower and raw materials in East Germany, East Germany will not suffer for lack of aircraft. Its abandonment of the aircraft industry coincides with the overall planning of the economic bloc of the Socialist countries, which is reaching the peak of efficiency. Each country will produce or manufacture what it is best suited to produce or manufacture in accordance with available raw materials and skilled manpower. Exchange of commodities will insure that each country obtains what it needs. With regard to aircraft, the Soviet Union has the raw materials, machinery, and skilled manpower to manufacture as many as are needed.

The abandonment of the aircraft industry was discussed at a recent Plenum of the Communist Party of East Germany. It was agreed that East Germany should abandon the aircraft industry in order to concentrate on producing and manufacturing what it is better equipped to produce and manufacture in accordance with the overall planning of the economic bloc of the Socialist countries. It is a fallacious deduction to conclude that the abandonment of the aircraft industry by East Germany is indicative of economic disaster in that country.

The CPUSA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

The CPUSA is agreeable that ISADORE WOFSY should go to Moscow since this will be the first opportunity the Party has had to allow WOFSY to leave his work for an extended period. The text of this document follows:

"Meeting of the full N.E.C. - March 9-10, 1961

"Agenda:

Unemployment situation and reports on movements developing in various sections of the country.

Committee on Constitution.

Defense.

Report on Reorganization of Center.

Starting of a daily newspaper.

"At the opening of the meeting it was proposed that a committee be elected to bring in recommendations relative to the Supreme Court decisions on the Mc Carran and Smith Act and defense. The following were elected to the Committee: Carl, Mickie, Arnold, Jack and Irving.

"Unemployment:

"Hy opened the discussion on the developing economic situation. He indicated a further decline in industrial production and that while there is a possible spring pickup, the outlook is estimated as generally dubious for the balance of the year, with the decline still continuing in employment with a probably 10% figure. Following his introduction which is to be published, specific reports were made.

"Mickie (North. Calif.). Said that many industries operate on a four-day week, some alternate weeks. California has already extended its 13-week unemployment insurance. In the lumber industry unemployment runs as high as 21-22%. In the lumber area they have community councils which were already established in '57. They comprise labor, ministerial and other organizations. There is no organization of unemployed. The main stress is on the responsibility and activities of the trade unions. The Party leaflet has been well received.

"Dorothy (Southern Calif.) Los Angeles is hard hit with 7.1% unemployed. It is a depressed area. The Urban League estimates Negro unemployment as high as 20%. Unemployment is felt sharpest among industrial workers and less so among white collar workers in the area. There is a committee in Los Angeles which is about 5 years old and is comprised primarily of older people that has been issuing leaflets and other material in the city. She reported that the unemployed look primarily to the existing organizations for lead.

[] (Illinois) Joblessness reaching the 400,000 mark. At a conference of Steel on this question some 400 attended and the program adopted included: Unemployment benefits for one year with 65% of pay check; replace the sales tax; abolish garnishments. There is sentiment among these workers of waiting for the adoption and application of the Kennedy program and the adjustment of this in the State Legislature. Farm Equipment held a conference of 200. The Harvester local alone has 1688 working with 1570 laid off. Likewise automation has also hit Mc Cormack which has 800 left of a work force of 3000. Local 65 of Steel has opened headquarters for counseling service.

b6
b7C

"Chicago

"The labor movement is making FEP as one of the main legislative demands in the State. There is also consideration in some areas of surplus food for distressed areas and a state bill to eliminate discrimination in housing which will also affect jobs.

"Our Party clubs have been reporting on developments and treatment of workers at the unemployment centers and also indicated that our leaflet is well received.

NY 100-80641

"In the South Side, according to our comrades, there is the formation of an Ad Hoc Committee on unemployment.

[redacted] (Michigan)

[redacted] reported for Michigan. The State Committee has discussed this question and indicated this is no temporary situation. They are now preparing a state pamphlet. In this state where unemployment is very high, one can observe the offensive of big business to split the working class. The main stress is the work of UAW which has undertaken a number of activities including conferences. There is one unemployed committee initiated by forces outside the union which has Trotskyite influence and is aimed at splitting labor.

b6
b7C

[redacted] reported on the recent conference of NALC in Washington which stressed the need of a crash program on unemployment as it affects the Negro workers. In the major cities Negro unemployment is 2-3 times higher than the general average. At the conference, Congressman Powell called for an Executive Order to eliminate discrimination in government employment and government contracts. He called for a target date nationally on this question and demanded similar efforts to overcome discrimination which must also take place in international unions. This was rejected by the Executive Council. They are now planning a conference in New York on April 29th and are proposing similar gatherings in different parts of the country.

b6
b7C

"Betty spoke about Buffalo where unemployment has hit 12% with Negro joblessness around 20-22% and 15,000 added weekly to the relief rolls. Unemployed committees exist in Auto union but are not active. There is urgent need for community unemployed organizations. In New York it is reported that existing organizations in the community are undertaking activities thru their welfare committees etc.

* * *

"Before discussion on the above reports, the following motion was made and adopted:

To adjourn this discussion for a special order of business.

NY 100-80641

"The special order of business was opened by Gus who raised the matter of electing a national chairman to succeed Comrade Dennis who died last January. Claude then reported for the Secretariat and nominated Elizabeth Gurley Flynn as national chairman. Following a discussion, the motion was adopted with one abstention:

"That a referendum of the National Committee be taken immediately so as to make it possible to release the news the early part of the week prior to the departure of Com. Flynn for the West Coast.

"The following referendum was sent to all N.C. members:

REFERENDUM

"In view of the death of Comrade Eugene Dennis, a vacancy has been created in the office of National Chairman.

"The National Executive Committee now meeting in session has discussed this matter and recommends to the National Committee the election of Comrade Elizabeth Gurley Flynn to fill the post of National Chairman.

"A further recommendation proposes that a referendum be taken of all members of the National Committee on this nomination.

"The N.E.C. requests that the members of the National Committee send in their ballot on this matter no later than Monday morning (March 13th).

* * *

"Following this point, discussion continued on unemployment and a motion was adopted that:

"Hy and Irving to draft a memorandum on unemployment based on the discussion and recommendations at this meeting to be ready within one week and to be sent out to all sections of the Party.

NY 100-80641

"Committee on Constitution"

"The following committee was elected to begin working on a draft of a new Party Constitution:

Phil, [redacted] Ben (I.A.), Arnold, Will, Bill
Albertson, [redacted] Erik, Nabried.

b6
b7c

"Defense"

"Arnold reported and indicated that steps are being taken to establish a new organization dealing with defense of civil liberties. He indicated:

1. Steps are being taken to set up an office for such a committee.
2. To encourage the establishment of similar and not necessarily uniform committees in other areas. That the press be utilized much more.
3. That it is possible now to develop an offensive against the reactionary decisions of the Supreme Court regarding the whole question of right of political choice and presenting our viewpoint of peaceful transition, etc. He also raised the question of organizing a national conference in June and if that is not possible, then in October.

"Report on Reorganization of National Center (task force)"

"Ben made the report for the Committee. The following motion was adopted:

"That we elect a National Executive Board comprising the members of the N.E.C. in the National Center, and that they be politically responsible to the National Executive Committee.

"Daily Newspaper"

"Gus dealt with the decision of the 17th National Convention to start a daily newspaper. Following the discussion, Gus, Jim and Louie were elected as a subcommittee to take further action."

Re: Communist Party, United

Internal Security - C

A confidential source reported on March 22, 1961
that [redacted]
of the Communist Party of the United States (CP, USA)
left for Toronto, Canada on March 21, 1961 to attend
a two-day meeting of the World Federation of Democratic
Youth.

b6
b7C

[redacted] before leaving for the meeting in Toronto,
was instructed by the CP, USA to keep in mind that
although the CP, USA was in favor of an international
youth movement, and in the development of fraternalism
among youth, it nevertheless was not in favor of sending
around the world "hot-headed leftist kids who would do
more harm than good."

b6
b7C

The CP, USA, [redacted] further was told, before
sending youth around the world, would prefer to build
a strong youth organization, with really capable leaders.

The CP, USA has been designated
by the Attorney General of the United States
pursuant to Executive Order 10450.

Re: Communist Party, United

Internal Security - C

"The Communist Party of the United States of America, What It Is, How It Works; A Handbook for Americans," published as of December, 1955 by the Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws of the Committee on the Judiciary, United States Senate, contains the following concerning the "World Federation of Democratic Youth:"

"1. 'The AYD (American Youth for Democracy) is affiliated with the World Federation of Democratic Youth, which was founded in London in November 1945 by delegates from over 50 nations. * * * From the outset the World Federation of Democratic Youth demonstrated that it was far more interested in serving as a pressure group in behalf of Soviet foreign policy than it was in the specific problems of international youth. * * * So strong was the Communist domination at the London conference that it aroused the deepest concern of the English bishops.' 'Also cited as one of the 'long established Soviet-controlled international organizations' which 'speak identical lines of propaganda and stand together on all phases of Soviet foreign policy' and which has 'affiliated organizations in the United States which consequently have also been turned into instruments in the "peace" campaign.'

"(Committee on Un-American Activities,

pp. 12 and 13; and House Report 378 on
the Communist 'Peace' Offensive,

ReBulet to Chicago, copy to NY, captioned as above, and dated 3/14/61, reflecting that according to GUS HALL, General Secretary of the CPUSA, a new trade union magazine that would conceal its Party connection would be published in NYC.

On 4/6/61, NY 694-S advised SA ALEXANDER C. BURLINSON that in a conference on the aforesaid date with ROBERT THOMPSON, the latter told him the following:

Recently THOMPSON, IRVING POTASH, CPUSA Labor Secretary, and JAMES TORNEY, Chairman of the Kings County CP, discussed the establishment of a new trade union magazine to be published in NYC

The magazine is still in "the formative stage," having as yet no name, no headquarters, and no editor. THOMPSON, POTASH and TORNEY agreed that an editor for the magazine must be chosen in the immediate future, and they are considering several persons who have had experience as editors of trade union publications.

The magazine's policy will be to advocate freedom of discussion in the trade union movement, the 30 hour week, full employment, and peace.

On 4/5/61, ISADORE WOFSY reported that recently the CP has been negotiating to buy a "semi-flat-bed press" which could be used to print "The Daily Worker" when said paper is re-established. The price of the said press is \$32,000.

On instructions from GUS HALL, however, said negotiations have been discontinued, and efforts will be made to repurchase a former press owned by the Party, which had been used to print "The Daily Worker." The said press, purchased by a Venezuelan company, is believed to be in storage. According to WOFSY, the semi-flat-bed press would not be suitable since it prints only 2000 papers per hour.
